

Material handling logistics solution

production, sorting, packaging, processing,
storage, loading & transshipping

Alternative to

- ✓ Overhead Cranes
- ✓ Forklifts
- ✓ Conveyors for Handlers

Simple Displacement System

- + Overland monorail
- + Fluid & direct
- + Safe
- + Self-guided
- + Self-cleaning
- + Automatable
- + Flexible batch logistics operations
- + Helical traction & wheel hub motor
- + All-in-one traction, transmission & braking
- + Energy-efficient & powerful propulsion
- + Variable, precise & progressive speed

Practical Logistics Solution

- + Modular & adaptable rail & cart design
- + Indoor & outdoor environments
- + Rail protected from weather & debris
- + Overcome slopes & curves
- + Self-locking along slopes

An Efficient & Energy-Saving Investment :

Adaptable structure, moving carts & operations
with minimal energy consumption.
